Reissue Application

DETAILED ACTION

Acknowledgements

The Examiner acknowledges the reply filed 03/17/2008 in which claims 23 and 34 were amended. Currently claims 1-12, 14-27, 34-39, 48-50, and 53-60 are pending for examination in this application. Additionally, the Examiner also acknowledges the consent of assignee filed 3/14/2008.

Response to Amendment

The amendment filed 3/14/2008 (as well as the 1/17/02, 6/17/03, and 12/15/03) proposes amendments to reissue application that do not comply with 37 CFR 1.173(b), which sets forth the manner of making amendments in reissue applications. A supplemental paper correctly amending the reissue application is required.

Amendments in a reissue application must be made relative to the original patented claims. Therefore all underlining and bracketing should always be relative to the original claims.

A shortened statutory period for reply to this letter is set to expire ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this letter.

Defective Error Statement, Rejection under 35 U.S.C 251

The Examiner asserts that the error statement in the oath/declaration regarding the additional apparatus claims which seem to be drawn to a subcombination (page 2, references an additional attached sheet, not found as filed in the 03/14/2008) is insufficient and does not identify a correctable error under 35 U.S.C. 251. The

Art Unit: 3763

Applicant needs to specifically identify at least one error (with specific reference to the claims) and how it renders the original patent wholly or partly invalid.

In accordance with 37 CFR 1.175(b)(1), a supplemental reissue oath/declaration under 37 CFR 1.175(b)(1) must be received before this reissue application can be allowed.

Claims 1-12, 14-27, 34-39, 48-50, and 53-60 are rejected as being based upon a defective reissue under 35 U.S.C. 251. See 37 CFR 1.175. The nature of the defect is set forth above.

Receipt of an appropriate supplemental oath/declaration under 37 CFR 1.175(b)(1) will overcome this rejection under 35 U.S.C. 251. An example of acceptable language to be used in the supplemental oath/declaration is as follows:

"Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intention on the part of the applicant."

See MPEP § 1414.01.
